

# Bethel Mills Flood Update

September 27<sup>th</sup>, 2011

Thank you volunteers! Thank you customers! Thank you vendors! Thank you staff & families!  
Thank you friends, colleagues & competitors! And thank you community!

We have cleaned out the store, the warehouse, the loading dock, the sheds, and the renovations have begun! Our phones and computers are buzzing. The temporary front counter is operational and we are busy making deliveries.

Every day it is getting harder to tell that we were under 7 feet of water! We could not have gotten this far this quickly without the unbelievable volunteer efforts from dozens of dear friends, neighbors, contractors, plus the awesome support from our valued business partners. Our sincere thanks and appreciation goes out to them all!

Lang
